Section 1. Introduction

1.1. What is ePermit?

ePermit is a web-based value-added service provided by Dagang Net Technologies Sdn Bhd (DNT). It enables importers, exporters and appointed forwarding agents to apply for permit from Other Government Agencies (OGA) or commonly known as Permit Issuing Agencies (PIA) and obtain the approval online via the internet. Approved permits from OGA will be transmitted to Sistem Maklumat Kastam (SMK) electronically for validation and cross reference purposes against Customs declaration.

1.2. How Does ePermit Benefit Me?

- Reduces Turnaround time faster processing of permit by OGA
- It's convenient ePermit is accessible from any computer that is connected to the internet.
- Ease of Use user friendly even for non PC savvy
- Multi Tasking access to various value-added services. For example Tariff Codes, Location Codes.

1.3. Who Should Read This Publication?

ePermit is designed to accommodate the specific requirements of each OGA, for example consignment details, quota details, grading summary and product database. There are three modules assigned to different groups of users such as Importers / Exporters, Forwarding Agents and Other Government Agencies.

This publication (or topic collection) is intended for Jabatan Veterinar (JPV)

1. Trader (Importer / Exporter) Module

Enabling importers / exporters to apply for permit online and submit their applications for approval via the Internet.

2. Forwarding Agent Module

Enabling appointed forwarding agents to apply for permit online on behalf of the importers / exporters and submit their applications for approval via the Internet.

3. PIA Module

Enabling PIA to investigate, distributor, verify, approve or reject the permit application received and send its updated status electronically via the Internet.

1.4. Requirements To Use ePermit

ePermit is a web based application. Therefore, there is no installation required. All is needed are:

- User is registered with Dagang Net ePermit services
- Personal Computer / Laptop / Notebook installed with web browsers as follows:
 - Internet Explorer version 8 and above
 - Chrome version 10 and above
