

(Empowered Under Section 8 of Animal Rules 1962)

REGULATIONS FOR THE IMPORTATION OF CLOVEN HOOFED GAME INTO MALAYSIA

A. Animal : Cloven Hoofed Game Animals **B. Country of Export/Origin :** Any Country **C. Purposes** Zoo or Exhibition

Regulations for Importation :

1.0 Approval of Import

1.1 Application for importation of the animals into Malaysia shall be made in writing to the Director General of Veterinary Services, Malaysia (hereinafter referred to as the Director General).

1.2 An import permit shall be obtained from the Director General giving permission for the importation of such animals.

1.3 An import clearance shall be obtained in writing from the Director General of the Department of Wildlife Conservation and National Parks Malaysia as may be required under the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES), prior to issuance of the import permit.

2.0 Veterinary Health Certification

The consignment of animals shall be accompanied by a veterinary health certificate in English issued and signed by a competent veterinary officer of the veterinary authority of the country of export, containing proper identification of the animals and the names and addresses of the consignor and the consignee. The competent veterinary officer shall certify that the animals as identified above:

2.1 Originate from a country or zone that is free from OIE List A diseases, contagious caprine pleuropneumonia, scrapie and transmissible spongiform encephalopathy group of diseases which affect the species of animals (relevant diseases to be specified).

2.2 Originate from an establishment or farm that has been free from the following diseases affecting the species of animals, during the preceding 12 months prior to export. Foot and mouth disease, vesicular stomatitis, rinderpest, peste des petits ruminants, blue tongue, African swine fever, hog cholera, swine vesicular disease, contagious bovine pleuropneumonia, rift valley fever, lumpy skin

disease and rabies.

2.3 Were born or have been continuously resident for the past 12 months in the establishment or farm of origin.

2.4 Have been kept isolated from all animals not of similar health status for a period of not less than 30 days, in a government approved pre-export quarantine facility where there has been no outbreak of foot and mouth disease and rabies during the preceding 12 months. During the 30 days quarantine period there were no outbreaks of epizootic diseases at the facility. The facility provided night quarters suitable to protect the animals from vectors.

2.5 Immediately after arrival at the pre-export quarantine facility were tested negative at Onderstepoort Veterinary Institute using OIE approved laboratory tests for the following diseases (relevant to species of animals). Food and Mouth Disease Blue Tongue Tuberculosis Brucellosis Rift Valley Fever Lumpy Skin Disease African Swine Fever

2.6 Were vaccinated against anthrax, rabies and haemorrhagic septicaemia (prevalent types including *P. multocida* types B and E) with approved vaccines, according to accepted vaccination protocol.

2.7 Were treated with officially approved remedies (providing the list of treatments) for external and internal parasites and heartwater.

2.8 Have been examined regularly during quarantine and within 24 hours of export and found to be healthy, free of clinical signs of diseases and external parasites and were fit to travel.

3.0 Transportation

3.1 The animals shall be transported in suitable new or disinfected crates by sealed trucks direct from the quarantine facility to the approved airport or port of embarkation in the country of export. Page 3 of 4

3.2 Once inside the aircraft or vessel, the crates and the cabin or compartment shall be sprayed with an approved insecticide immediately before the doors of the cabin or compartment are closed to ensure that the animals, crates

and all other associated material are free from insects.

3.3 From the airport or port of embarkation, an aircraft or a vessel shall carry the consignment of animals direct to the approved airport or port of disembarkation in Malaysia.

4.0 Quarantine in Malaysia

4.1 Upon arrival in Malaysia, the animals and the accompanying documents shall be surrendered to the Officer of the Department of Veterinary Services, Malaysia (hereinafter referred to as the Department) at the airport or port of disembarkation.

4.2 The animals shall be transported in sealed trucks direct from the airport or port of disembarkation to the designated zoo or establishment.

4.3 The animals shall be kept in isolation from other animals in the zoo or establishment for a period of 30 days for further observation and/or disease investigation.

4.4 Should any animal show symptoms or signs of disease or infection, all animals shall be subjected to relevant laboratory tests or any other action deemed fit, at the expense of the importer.

4.5 Upon confirmation of any disease (infectious, contagious or zoonotic), an appropriate action shall be taken by the Department including destroying the animals at the expense of the import and without compensation.

5.0 Other Conditions

5.1 The importer shall provide the Director General or the Officer of the Department at the airport or port of arrival, the following information at least 72 hours before arrival of the animals. a the number of animals in the consignment b the expected date of arrival the airport or port of disembarkation in Malaysia d the farm or establishment where the animals in the consignment will be kept

6.0 Contravention

Importation of animals in contravention to these regulations shall at the discretion of the Director General

be returned to country of origin or disposed of in any manner deemed fit.

7.0 Right to Amend the Regulations

The Director General reserves the right to amend any conditions and the charges or fees as stipulated herein without prior notice. E. Import Fees The following fees shall be payable to the Director General or the State Director of Veterinary Services:

- i. Import permit = RM 5.00 per head
- ii. Quarantine fee = RM 4.00 per head
- iii. Inspection fee = RM 50.00 per consignment
