QUESTIONNAIRE

**INFORMATION ON ANIMAL AND VETERINARY PUBLIC HEALTH SERVICES
(To be filled by the Veterinary / Regulatory Authority of Exporting Country)**

C PIG

PART I - GENERAL

1 Name of Country

- 1.1 Administrative organisation: veterinary service(s) responsible for animal health and public health: name(s) and address (es) and name of the D.G or C.V.O**
- 1.2 Pig population (list by district and general total and mention the approximate number of each category: (breeding, production, slaughter)**
- 1.3 Indicate the number of pig farm by district and category**

PART II - ANIMAL HEALTH

2 Veterinary Services

- 2.1 Total number of veterinarians**
- 2.2 Number of veterinarians employed in Animal Health Services**
 - 2.2.1 Number of veterinarians employed in Head Office Animal**

Health Services

2.2.2 Number of veterinarians employed in district Animal Health Services (list by district the number of official veterinarians dealing, full time or part time with pig

Number of farm per official veterinarian

Number of para-veterinary technicians employed by the veterinary services and their distribution

2.3 Organisation of veterinary services (short organigram)

2.4 Para-veterinary education: Indicate the number of universities and schools where study can be done their programmes and the average of annual graduates (total for the country)

3 Veterinary Laboratories

3.1 Name and address of the Central Veterinary Laboratory and name of the director

3.2 Number of other official veterinary laboratories

3.3 Staffing of official veterinary laboratories

3.4 Please indicate, for each of these laboratories, their capabilities for disease diagnosis

4 Structure of Pig Industry

4.1 Level of integration:

4.1.1 Is the pig industry fully or partially integrated?

4.1.2 If yes, explain the general structure(s) of the integration(s)

4.1.3 Have integrators their own veterinarians and veterinary laboratories?

4.1.4 If yes, are practitioners and other veterinary laboratories (almost) completely excluded from the sector?

4.1.5 Does the pig industry have its own animal health programmes (guidance, sanitary, monitoring,

vaccinations etc.)

4.1.6 If yes, have these programmes been discussed with (and eventually approved by) the authorities?

5 Notifiable Pig Disease

5.1 Indicate the list of notifiable pig diseases and describe briefly the notification procedure

5.2 Which pig diseases are notified to OIE, and eventually, to other countries? Indicate for these diseases the notification frequency (immediate, monthly, annually)

6 Disease and Vaccination Situation

6.1 Notifiable Diseases

6.1.1 Number of outbreaks for each of the last 3 years. Number of animals vaccinated during each of the last 3 years

6.1.2 Indicate by district the date of last outbreak and, eventually the date of last vaccination

6.1.3 In the case the disease occurs (or should occur), is a stamping-out policy always applicable?

If no, describe the way of dealing with (eventual) outbreaks

6.1.4 Describe briefly the other measures in the case of outbreaks of the notifiable diseases (stand-still, radius of surveillance zones, epidemiological inquiry etc.)

6.1.5 Which testing procedure and criteria are used to confirm a diagnosis of the notifiable disease?

6.1.6 Is vaccination against the notifiable disease allowed or regulated

If yes, list the type of vaccines used (inactivated or attenuated, strain etc.) and the principal rules governing the distribution and use of these vaccines

6.1.1 Is monitoring programme for the disease applied, if so describe the breeding

6.1.2 List the districts, which have to be considered as free from

the notifiable diseases

6.2 Disease Situation in Contiguous Countries

Indicate if (and so in which) the notifiable disease occur in contiguous countries

7 Animal Health Legislation

7.1 List of the official names of laws and regulations governing the prevention, control and eradication of animal diseases

7.2 Do laws exist which require the reporting of cases or suspect cases of certain animal diseases to veterinary authorities? (in general)

If "yes", please list the diseases, which must be reported

7.3 Do laws exist which permit veterinary authorities to:

- (a) quarantine or isolate animals and/or premises on a suspicion of those diseases listed previously?**
- (b) establish control zones, cordons sanitaires or quarantine zones around premises containing animals infected with these diseases and control movements into and out of such zones or areas?**
- (c) destroy and dispose of the carcass of animals infected with this disease?**
- (d) destroy or clean and disinfect vectors and premises contaminated with the etiologic agents of such diseases?**
- (e) compensate owner for property destroyed by the above activities?**

8 Importation Policy

8.1 Describe briefly the rules governing importation of live pig, fresh pork, with reference to legal documents (eventual quarantine, animal health guarantees asked for model of certificates, testing, etc.)

8.2 Are imports allowed from countries or regions, which are not free from the notifiable disease? If so, are there any additional

guarantees required for such imports?

PART III - PUBLIC HEALTH

9 Veterinary Public Health Services

9.1 Give the same information as asked for in point 2. If the same veterinary service is dealing with animal and public health, indicate the number of veterinarians and other staff dealing with each field

10 Veterinary Public Health Laboratories

10.1 Give the same information on the veterinary laboratories in the field of public health as asked for in point 3. If the same laboratory(ies) is(are) dealing both with animal and public health, indicate its (their) qualitative and quantitative performance with regard to analyses of animal products and mention, by laboratory, the competent staff

11 Slaughterhouses – Cutting Plants (List)

Give a list of pig slaughterhouses and cutting plants, which could be considered for export to Malaysia

12 Meat Inspection Legislation and Procedure

12.1 List the laws governing meat inspection with a short content thereof

12.2 Indicate the practical meat inspection procedure

12.3 Describe the tasks in meat inspection executed by veterinarians and the surveillance procedures, as well as the qualification of any non-veterinarian meat inspectors dealing with the other tasks

13 Residue plan

Describe briefly the residue plan for pig meat and indicate the results for the last 3 years
