- C. Purpose : Any Purpose
- D. Regulation for importation ;

1. Import Permit

- 1.1. The consignment of animals shall be accompanied by a valid import permit issued by Malaysian Quarantine and Inspection Services Department (MAQIS) concerned permitting the importation of such animals into Malaysia.
- 1.2. For dogs, the approval to get the import permit is also subjected to the breed of the dogs (refer to clause no 6: List of Banned/Restricted Breeds of Dogs and clause no 7: Conditions for the Approval of Importation of Restricted Breeds of Dogs)

2. Description of Animals

- 2.1. The consignment of animal shall be accompanied by a pet passport or certificate containing a full description or identification of the animals.
- 2.2. The animal shall be identified using an ISO (Std 11784 & 11785) compliant microchip.

3. Veterinary Certification

The consignment of animals shall be accompanied by a Veterinary Health Certificate issued by a competent veterinary officer of the Government Veterinary Authority of exporting country certifying that ;

- 3.1. The animal has been examined and found to be healthy and free from any clinical sign of rabies and infectious or contagious diseases of dog/cat, at the time of examination and certification, prior to export.
- 3.2. No case of rabies had been reported to have occurred in that country during the six (6) months preceding the date of the certificate.
- 3.3. The animal had not been imported into the country during the six (6) months preceding the date of the certificate.
- 3.4. The animal has been vaccinated against rabies using an approved anti-rabies vaccine, prior to export.
- 3.5. The animals shall be vaccinated within twelve (12) months prior to export with other core vaccine as recommended by license veterinarian.
- 3.6. The vaccination history status, treatment given and health status of the animal is up to date.
- 3.7. The animal have been examined and found to be healthy and free from any clinical sign of rabies and infectious or contagious diseases of dog/cat, within seven (7) days immediately prior to export and showed no any clinical signs on the day of shipment.

4. Transportation and Landing Place

The consignment of animals shall be carried by aircraft or other mean of transportation direct to the prescribed landing place or any other airport in Malaysia.

5. Quarantine in Malaysia

Upon arrival the animal shall be placed in quarantine and may be vaccinated with approved anti-rabies vaccine and detained in quarantine for compulsory period of not less than seven (7) days. The animal will be released if found to be free of any evidence of infection. However, where deemed necessary the quarantine period can be extended up to six (6) months based on risk assessment on a case to case basis.
